Aviva LifeShield Plus Plan™ - Comprehensive protection at a nominal cost

You work tirelessly to ensure the prosperity and well being of your family. Aviva LifeShield Plus™ gives you complete peace of mind by providing total protection for your family at a nominal cost, in case you are not around.

Aviva LifeShield Plus™ - Unique Attractions

- **High level of protection at a low premium:** Ensure desired level of protection at a nominal cost.
- **Premium paying options:** Premiums can be paid as a single premium or on a regular premium basis.
- **Additional protection:** You can opt for Accidental Death Benefit (ADB) Rider and Aviva Dread Disease (DD) Rider, for additional protection, if you choose the regular premium option.
- **Rebate for high Sum Assured:** Rebate on premium is allowed if your Sum Assured is Rs. 25 Lacs or higher.
- **Special advantage for women:** Lower rates are offered for female lives.

Aviva LifeShield Plus™ - 5 Easy Steps to Your Plan

Step 1

- Choose the level of protection (Base Sum Assured) you want.
Minimum Sum Assured: Rs. 10 lacs; Maximum Sum Assured: No limit

Step 2

- Select riders for comprehensive protection
 - Aviva Dread Disease (DD) Rider : UIN 122B014V01
Minimum Rider Sum Assured : Rs. 2 lacs
Maximum Rider Sum Assured : Base Sum Assured maximum of Rs. 50 lacs
 - Accidental Death Benefit (ADB) Rider : UIN 122C005V01
Equal to the Base Sum Assured provided that ADB Rider premium should not exceed 30% of the premium of the base product otherwise, the rider Sum Assured would be reduced accordingly

Step 3

- Arrive at the policy term by choosing the period for which you want protection 10-30 years subject to:
 - Entry Age : 18-55 years
 - Maturity Age : 28-65 years. However, ADB Rider will cease at age 60

Step 4

- Select the premium frequency
 - Single
 - Regular (equal to policy term) via yearly, half-yearly, quarterly & monthly

Step 5

- Work out the premium payable along with our Financial Planning Advisor
 - Tabular Premium for the opted Base Sum Assured
 - Rebate for High Sum Assured
 - Apply Modal Factors based on the premium payment mode
 - Ensure that premium should at least be equal to minimum premium as mentioned in enclosed annexure
 - Apply Service Tax and Education Cess, as applicable

Aviva LifeShield Plus™ - Benefits

- **Death Benefit:** In the unfortunate event of your death the following payments would be made:
 - Sum Assured is paid to the nominee.
 - An additional sum equal to ADB Rider Sum Assured would also be payable, if ADB Rider has been opted for, and death is due to an accident.
- **Rider Benefit:** For regular premium policies, apart from the death cover under the base plan, Aviva LifeShield Plus™ offers extra protection through Accidental Death Benefit (ADB) Rider [UIN: 122C005V01 and Aviva Dread Disease (DD) Rider [UIN: 122B014V01].
 - ADB Rider pays Rider Sum Assured in addition to the Base Sum Assured, in the event of death due to an accident.
 - Aviva DD Rider pays a lump sum amount equal to the Aviva DD Rider Sum Assured on contracting any of the illnesses covered or on Permanent Total Disability (PTD). This payout does not impact the Base Sum Assured. For details, please refer point 2 in the Annexure.
- **Maturity Benefit:** This is a pure insurance product and hence there is no maturity benefit payable under this plan.
- **Surrender Benefit:** For Regular Premium mode, the policy will not acquire any surrender value or paid up value.

For Single Premium mode, the policy can be surrendered at any time after completion of first policy year. The policy acquires a guaranteed surrender value from the second policy year, which will be calculated as :

$75\% \times (\text{Outstanding Policy Term in Years}) \times \text{Single Premium}$

(excluding extra premium, if any)

Original Policy Term in years

Outstanding Policy Term will be calculated as on the date of surrender and any fraction of the year will be rounded off:

- Down to zero, if the fraction is less than half.
- Up to one, if the fraction is greater than or equal to half.
- **Grace Period:** There is a grace period of 30 days to pay your premium for yearly and half-yearly modes & 15 days for quarterly and monthly modes.
- **Premium Discontinuance:** If you are unable to pay due regular premiums within the grace period, risk cover, including rider cover (if any), under the policy will cease immediately. The policy can be reinstated within 2 years, from the due date of first unpaid premium. If the contract is not reinstated within the reinstatement period, the contract shall terminate without any value.
- **Tax Benefits:** Tax benefits will be as per Section 80C, 80D & Section 10(10D) of the Income Tax Act, 1961. Tax laws are subject to change.
- **Nomination & Assignment:** Nomination, as defined under section 39 of Insurance Act 1938, and Assignment, as defined under section 38 of Insurance Act 1938, are allowed under this policy.
- **Freelook Period:** The Policyholder has the right to review the policy terms and conditions, within 15 days, from the date of receipt of the policy document. If the Policyholder cancels the policy during freelook period, the company will refund the premium on the date of cancellation, after deducting proportionate risk premium, rider premium, if any, and expenses incurred on medicals and stamp duty.
- **Exclusions (if any):** If death of life insured occurs due to suicide or attempted suicide, within 12 months of the date of commencement of risk or date of reinstatement of the policy, whichever is later, the policy will terminate without any benefit.

Aviva LifeShield Plus™ - About Premium Payment

- You can pay premiums in single, yearly, half-yearly, quarterly or monthly mode. For details, please refer point 3 & 4 in the annexure.

- For regular premium modes other than the Annual premium mode, the premium will be calculated by multiplying the Annual premium by the corresponding modal factors given below:

Premium Payment Mode	Modal Factor
Yearly	1.0000
Half-yearly	0.5108
Quarterly	0.2591
Monthly	0.0871

Annexure

- Minimum base premium payable is Rs.10,000 for Single Premium, Rs.2,000 for annual mode, Rs.1,200 for half-yearly mode, Rs.600 for quarterly mode and Rs.200 for monthly mode. The premium limits apply on installment premium after applying any rebate.
- Accidental Death Benefit (ADB) Rider and Aviva Dread Disease (DD) Rider can be attached to a regular premium policy only; they are not available with the Single Premium option. The maximum ADB Sum Assured and Aviva DD Rider Sum Assured is restricted to Rs.50 Lacs respectively. There is a waiting period of 180 days for the Aviva DD Rider. Further rider premium should not exceed the base premium.
- Premium can be paid by cash, cheque or demand draft at any Aviva Branch Office. Direct debit or Electronic Clearing Service (ECS) is mandatory for monthly and quarterly payment mode. You can also drop your cheque or draft at an Aviva Branch or at the Skypack Drop Box near you. Visit www.avivaindia.com for a list of drop box locations. Single Premium cannot be paid by direct debit / ECS.

- For Regular Premium policies, premium payment mode can be changed on any policy anniversary by giving a written notice at least 30 days before the policy anniversary. The revised modal premium should satisfy the minimum premium required for the applied mode as detailed in point 1 above. An alteration fee of Rs.100/- per alteration is charged at present. This fee can be changed subject to approval of Insurance Regulatory & Development Authority (IRDA).

Aviva Dread Disease (Aviva DD Rider) [UIN: 122B014V01]

Riders are a cost effective way of reinforcing your insurance plan for complete and all round protection. They may be bought with the basic insurance plan at a nominal incremental cost. What is covered as Dread Diseases

The Dread Diseases covered under this rider with disease specific exclusions are as listed below:

1. Heart Attack

The death of a portion of the heart muscle as a result of inadequate blood supply and being evidenced by all three of the following:

- A history of typical prolonged chest pain; and
- New electrocardiograph (ECG) changes; and
- Significant elevation of cardiac enzymes above accepted laboratory levels of normal.

Confirmation by a specialist approved by us may be required. Diagnosis of heart attack based solely on an ECG or solely on a blood test is excluded. We will not pay for other causes of severe non-cardiac chest pain, heart failure or angina.

2. Stroke

Stroke is a cerebrovascular accident or incident producing permanent neurological deficits lasting more than 30 days, as verified by a consulting neurologist or specialist approved by us.

This includes infarction of brain tissue as a result of thrombosis or haemorrhage or embolisation from an extra-cranial source.

Specifically excluded are:

- Transient ischaemic attacks;
- Any reversible ischaemic neurological deficit;
- Vertebrobasilar ischaemia;
- Cerebral symptoms due to migraine; or
- Brain damage due to external traumatic causes.

3. Cancer

A malignant tumour characterized by the uncontrolled growth and spread of malignant cells and the invasion of tissue. The term cancer includes leukaemia, lymphoma and Hodgkin's disease. The cancer must require treatment by surgery, radiotherapy, chemotherapy, biological response modifiers, or any other major interventionist treatment. Cancers that are completely untreatable where palliative therapy only is initiated are also covered in this definition. The diagnosis must be confirmed with a valid pathology report and a report from a specialist approved by us.

Specifically excluded are:

- All tumours which are histologically described as benign, pre-malignant or non-invasive;
- Any lesion described as carcinoma in-situ;
- Cervical dysplasia or intra-epithelial neoplasia (CIN-1, CIN-2 or CIN-3);
- Prostatic Intra-epithelial neoplasia (PIN);
- Early prostate cancers that are histologically described as TNM Classification T1, or American Urological Association's (AUA) stage A, or of equivalent stage with any other classification system;

- Any forms of cancer in the presence of Human Immunodeficiency Virus infection, including lymphoma or Kaposi's sarcoma;
- Thin melanomas with pathology report showing Clarke's Level less than III or Breslow thickness less than 1.5 mm;
- All non-melanoma skin cancers;
- All cancers that are a recurrence or metastasis of a tumor that first occurred within the qualifying period.

4. End Stage Kidney Failure

The total and chronic irreversible failure of both kidneys necessitating continuous renal dialysis at least for 180 days in the opinion of a specialist approved by us. Acute reversible kidney failure that only needs temporary renal dialysis and single kidney failure is not covered.

5. Major Organ Transplant

The actual undergoing, as a recipient of, a transplant of a heart, lung, pancreas (excluding the transplant of Langerhans cells alone), liver or kidney. The transplantation must have been necessary to treat irreversible end-stage failure of the relevant organ and the Life Insured must be accepted in a transplant program satisfactory to us. Bone marrow transplant is also covered if the Life Insured has undergone the transplant and a specialist acceptable to us confirms that the bone marrow transplant was medically necessary. Other stem cell transplants are excluded.

6. Coronary Artery Bypass Surgery

The undergoing of open-heart surgery or keyhole surgery on the advice of a consultant cardiologist, to correct narrowing or blockage of one or more coronary arteries with insertion of bypass graft(s). Balloon angioplasty (PTCA), heart catheterisation, laser relief, rotablate, stenting and all other cardiac procedures are excluded.

7. Benign Brain Tumour

A benign brain tumour means a tumour that is in the brain or meninges excluding the skull, spinal cord. Cysts, abscesses, malformations in the arteries or veins of the brain, haematomas are excluded. Pituitary microadenomas less than 10 mm in diameter are also excluded.

The diagnosis must be confirmed neuro-radiologically by a specialist trained in the interpretation of these investigations and acceptable to us.

8. Deafness

The total and irreversible loss of hearing in both ears as the result of illness or accident. The diagnosis must be supported by audiometric and sound-threshold tests provided by and certified by an Ear, Nose, Throat (ENT) specialist.

Total means the loss of at least 80 decibels in all frequency of hearing in both ears.

9. Blindness

Total, permanent and irreversible loss of all vision in both eyes as a result of illness or accident. The diagnosis must be clinically confirmed by an ophthalmology specialist. The blindness must not be correctable by aides or surgical procedures. Cataract is not covered under this definition of blindness. Also blindness due to cataracts or due to surgery for cataracts is specifically excluded and not covered under this Policy.

10. Aorta Graft Surgery

Undergoing of surgery for disease of the aorta needing excision and surgical replacement of a portion of the diseased aorta with a graft. For this definition, aorta means the thoracic and abdominal aorta but not its branches. Surgery to treat peripheral vascular disease of the aortic branches is excluded even if a portion of the aorta is removed during the operative procedures. Surgery performed using only minimally invasive or intra-arterial techniques such as percutaneous endovascular aneurysm with insertion of a stent graft are excluded.

11. Heart Valve Surgery

The undergoing of open-heart valve surgery, performed to replace or repair one or more heart valves, as a consequence of defects in, abnormalities of, or disease-affected cardiac valve(s). The surgery must be considered medically necessary by a consulting cardiologist and supported by investigations.

Repair via valvotomy, catheter, keyhole or similar techniques are excluded.

12. Paraplegia

Total and irreversible loss of use of two or more limbs through paralysis as a result of injury or disease of the spinal cord. These conditions must be permanent, supported by appropriate neurological evidence and have to be medically documented for at least 90 days.

13. Motor Neurone Disease

Motor neurone disease diagnosed by a consultant neurologist acceptable by us, as spinal muscular atrophy, progressive bulbar palsy, amyotrophic lateral sclerosis or primary lateral sclerosis. There must be progressive degeneration of the corticospinal tracts and anterior horn cells or bulbar efferent neurons. There must be significant, progressive, irreversible, and functional neurological impairment with objective evidence of motor or sensory dysfunction, which must have persisted for a continuous period of at least 90 days.

14. Multiple Sclerosis

A definite diagnosis by a consultant neurologist holding an appointment as such in a major hospital, which satisfies the following two criteria:

- There must be current significant and permanent functional neurological impairment with objective evidence of motor or sensory dysfunction persisting for a continuous period of at least 180 days; and
- The diagnosis must be based on confirmatory neurological investigations of lumbar puncture, evoked visual responses, evoked auditory responses, CT or MRI evidence of lesions of the central nervous system. Diseases of the central nervous system due to other causes are unequivocally excluded.

15. Coma

A state of unconsciousness with no reaction or response to external stimuli or internal needs persisting continuously and requiring intubation and mechanical ventilation to sustain life for a period of at least 96 hours. There must be current significant and permanent functional neurological impairment with objective evidence of motor or sensory dysfunction.

Coma resulting directly from alcohol or drug abuse is excluded.

16. End Stage Liver Disease

End stage liver failure as evidenced by all of the following:

- Permanent jaundice
- Ascites and
- Hepatic encephalopathy

Liver disease secondary to alcohol or drug misuse is excluded.

17. End Stage Lung Disease

End stage lung disease including interstitial lung disease causing chronic respiratory failure and evidenced by all the following:

- FEV 1 test results consistently less than 1 litre with use of bronchial dilator; and
- Requiring extensive and permanent supplementary oxygen therapy.

The diagnosis must be confirmed by a respiratory physician acceptable by us.

18. Aplastic Anaemia

Bone aplastic anaemia is defined as total permanent bone marrow failure which results in granulocytes less than 500 cells per microlitre, anaemia with corrected reticulocyte count less than 1%, platelet count less than 20000 cells per microlitre and markedly hypoplastic bone marrow with depletion of hematopoietic cells with less than 20% cellularity.

There must also be continuous treatment for a period of at least 180 days with at least one of the following:

- Repeated blood transfusions
- Marrow stimulating agents
- Immunosuppressive agents
- Bone marrow transplant

Temporary or reversible aplastic anaemia is excluded and not covered in this Policy.

19. Permanent Total Disability

A life insured shall be regarded as Totally and Permanently Disabled only if, as a result of accidental bodily injury, sickness or disease:

- That life insured has suffered the loss by physical separation (or loss of use) of two limbs or the complete and irremediable loss of sight in both eyes or the loss by physical separation (or loss of use) of one limb, accompanied by the complete and irremediable loss of sight in one eye (where limb means the entire hand or foot), or
- That life insured has been continuously disabled for a period of 1 year and has been determined by the Company to be incapacitated to such an extent as to render that person unable ever to resume work or to attend any gainful employment or occupation.

“Specialist” means a person who holds a recognised post graduate qualification in any specialised stream of allopathic medicine, is registered by the Indian Medical Council and is practicing within the scope of such licence, and shall not include:

- a) Any relative of the Policyholder/Insured; or
- b) Any person who resides with the Policyholder/Insured; or
- c) Any person covered under the Base Plan or this Rider.

Exclusion

Apart from the disease specific exclusions given along with definitions of diseases in Section 7 above, no benefit will be payable if the Dread Disease or Permanent Total Disability is caused or aggravated directly or indirectly by:

- Alcohol or drug abuse including drug taking other than prescribed by a registered and qualified medical practitioner, any actual or alleged crime committed by the Insured, willful self inflicted injury, attempted suicide or unreasonable failure to seek or follow medical advice.
- Failure to seek and follow medical treatment and advice from a registered and qualified medical practitioner immediately following an accident.

Section 41

In accordance with Section 41 of the Insurance Act, 1938, "No person shall allow or offer to allow, either directly or indirectly, as an inducement to any person to take or renew or continue an insurance in respect of any kind of risk relating to lives or property in India, any rebate of the whole or part of the commission payable or any rebate of the premium shown on the policy, nor shall any person taking out or renewing or continuing a policy accept any rebate, except such rebate as may be allowed in accordance with the published prospectuses or tables of the insurer:

Provided that acceptance by an insurance agent of commission in connection with a policy of life insurance taken out by himself on his own life shall not be

deemed to be acceptance of a rebate of premium within the meaning of this sub-section if at the time of such acceptance the insurance agent satisfies the prescribed conditions establishing that he is a bona fide insurance agent employed by the insurer.

Any person making default in complying with the provisions of this section shall be punishable with fine which may extend to five hundred rupees".

Section 45

In accordance with Section 45 of the Insurance Act, 1938, "No policy of life insurance effected before the commencement of this Act shall after the expiry of two years from the date of commencement of this Act and no policy of life insurance effected after the coming into force of this Act shall, after the expiry of two years from the date on which it was effected be called in question by an insurer on the ground that statement made in the proposal or in any report of a medical officer, or referee, or friend of the insured, or in any other document leading to the issue of the policy, was inaccurate or false, unless the insurer shows that such statement was on a material matter or suppressed facts which it was material to disclose and that it was fraudulently made by the Policyholder and that the Policyholder knew at the time of making it that the statement was false or that it suppressed facts which it was material to disclose:

Provided that nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal."
