HOW DOES THE PLAN WORK?

Rakesh, 55 years, took a voluntary retirement from his reputed job to take time off and follow his dream of writing. He wants to buy an annuity from his retirement corpus. He has invested in the IndiaFirst Life Guaranteed Annuity Plan to:

Build a healthy income flow post retirement

He decides to utilise his NPS retirement corpus of INR 20,00,000 under the Joint Life Return of Purchase Price option with his wife as the second annuitant. He opted for a quarterly annuity frequency, which means that he will receive an annuity amount of INR 30,448 once every three months.

He was happy that this amount was assured for his lifetime and even after he was not around, his wife would continue getting the regular financial support through the annuity amount, and even in case of her unfortunate demise the purchase price of INR 20,00,000 would be returned to his son who is the nominee.

Rakesh is ready to spend his picture-perfect retirement days now!
